Published by Barrow Church    Dependent on Donations

APRIL 2024

HAPPY EASTER TO YOU ALL

Dear Friends

Production of Barrow News is the result of the Herculean labours of a small band of volunteers who contribute articles, edit content, format content, watch the printer for hours, and distribute the magazines. A huge "thank you" to them all, and also to our advertisers for their support. I would also like to thank everyone who has made a donation to cover the costs of production, all of which fall ultimately upon the congregation at the church. If you have not done so already, please do give what you can!

This month's edition of Barrow News will no doubt be dropping through your letterbox on or around 1<sup>st</sup> April, otherwise known (in this country at least) as April Fool's Day, or April Fish Day in some countries. The origin of the day is not that clear and it would seem to be a relatively recent invention, to have a day (or morning at least) where playing tricks on just about anyone is considered fair game. There have been some classic "April Fool's" over the years, particularly before the advent of social media, when whatever the BBC in particular said was gospel. The spaghetti-tree story was a three-minute hoax report broadcast on April Fools' Day 1957 by the BBC showing a family in Switzerland harvesting spaghetti from the family "spaghetti tree". Believe it or not, a large number of viewers afterwards contacted the BBC for advice on growing their own spaghetti trees. The broadcast remains one of the biggest hoaxes ever pulled by any reputable news source.

To some, the truth around the celebration of Easter Sunday by Christians is a hoax of considerably greater proportions. Ironically, Easter Sunday last fell on April 1<sup>st</sup> in 1956, and it will do so again in 2029 and 2040. Surely the story of Jesus being executed on a cross, being buried and then being seen alive by hundreds of people days later is one of the most enduring hoaxes ever perpetrated. Well, I, and billions like me, think it is all true and as my desk diary Bible verse for today says "The message of the cross...to us who are being saved it is the power of God" (From Paul's letter to the Corinthians 1:18). Life looks and feels very different as a result.

Happy Easter holidays to everyone. I hope you weren't taken in by this year's equivalent of the spaghetti tree!

## BAKE WITH THE BUZZARDS!!

### WHAT IT'S ALL ABOUT...A FLEDGLING'S GUIDE!

Every Saturday at 10am a colourful flock of Barrow Buzzards gathers, squawking excitedly, by the Famous Old Blue Horse on the Playing Field. They clutch water bottles, tea and coffee mugs and, importantly, Tupperware containers and cake tins.

As St Bartholomew's bell strikes 10, following the obligatory "Wings" team photo, the assembly splits into various sub-flocks for a choice of Soaring Options - 5km on-road, 5km off-road, 4km or 3km on-road and "Strolling Buzzards". Everyone runs, jogs or trundles at their own pace on the circular routes.

After half an hour or so, with their various missions accomplished, they return to roost at the Picnic Table, where a smorgasbord awaits of various freshly baked treats. Lemon Drizzle Cake, Coffee Cake, Chocolate Brownies, Victoria Sponge, Choc Chip Cookies and Orange and Almond Cake have all featured in recent weeks. As Barrow Buzzards come in all dietary guises, there are often GF and vegan options. Buzzards fly in from Little Barrow, Plemstall View, Long Green and even Mickle Trafford to soar together, but mainly for the cake. If you'd like to come along to enjoy a bit of Saturday morning exercise, fresh air and home baked Barrow goodies, just turn up any Saturday at 10 am; we soar in all weathers, with midweek Forest Buzzards too, dodging the Gruffalos in Delamere.

**Hello from school to everyone in the community of Barrow.** It is so nice to see the signs of spring around the school grounds and the longer hours of daylight seem to cheer everyone. Let's hope the rain relents soon and we can enjoy some fine weather over the Easter holidays.

The children have experienced a wide ranging and exciting curriculum this term. Acorn Class have studied local Barrow history with walks around the village and learning about the Barrowmore estate. They were fascinated by the Zoo visit during their study of 'animals including humans'. Their art work whilst learning about water colour artists and reflecting their styles is wonderful.

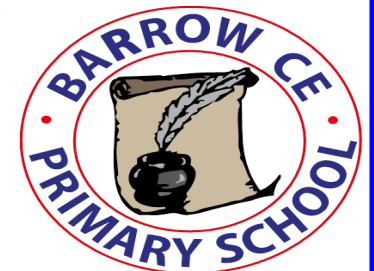

Willow class have spent time researching the history of 'Crime and punishment' through the ages. They seemed particularly interested in the gruesome methods applied from the Roman Empire to current day. In #science they have investigated forces and the affects they have upon all things. During geography lessons they have been finding our about 'Antarctic—the seventh continent.'

Since Christmas we have re-organised Wednesday's timetable to ensure we are providing the children with a wider curriculum. Mr Holland is focusing on Forest School skills one week and then Design Technology in the second week. He is also teaching French to Willow class as part of their session.

We had a wonderful time on World book day and Number day with children being enthused about reading and maths.

There is much growth and improvement in our grounds and school. If you feel you may be able to help in school in any way then please contact the office for a chat. I wish you all a wonderful Easter celebration and send our best wishes from school.

**David Hearn** brought his memories of the 1950s to our March meeting and we did quite well with those. Our next meeting will be at 2.00 pm on Monday 8th April to avoid Easter Monday – and April Fools Day! David Cummings will give an illustrated talk on his latest topic and they are always interesting. We have two trips arranged on the Cholmondeley Bus for Mondays 15 April and 20 May, starting at 10.00 am from the pump and returning usually around 4.00 pm. We do sometimes have spare seats. When we reach our destination we do not stay together but split in to small groups until we meet in time to return. The cost is £5 a head. If anyone young or old is interested please ring me on 740242 to find where we have arranged to go.

Ann Cavenett

A fascinating insight of life in the Vice Squad was given by Francis Illing at the March WI meeting. Francis related his experiences of working as an undercover police officer across London. His anecdotal stories were gritty but delivered with sensitivity and humour, we were all intrigued by his experiences.

The April meeting is on Wednesday 10 January at 7:30 pm. Please remember that we have reverted to our evening meeting time through the late spring/summer months. During the meeting we will be testing our rhythm skills by participating in an African Drumming Circle workshop led by Andy Bantock. If you fancy having a go, please come along!

If you are interested in joining Barrow WI or would simply like to know more about the WI, why not come along or contact Sally on 07501176212.

**Declarations of Members' Interests:** None

**Public Participation:** No issues raised

**Approval of Minutes:**

The circulated minutes of the Parish Council meeting on 8 January 2024 were approved & signed by the Chair

**Matters Arising – If not covered by agenda:**

- AP fed back that he had verbal communication from Katie Jones (KJ) that she had sent in her resignation due to personal commitments. Councillors expressed their gratitude for the hard work she had done for the council.
- Correspondence from a landscape contractor regarding grass cutting. As KJ has left the council the Clerk TW will be asked to follow this up, including quotation for Norman's Wood strimming.
- Planning proposals- Barrowmore. Councillors attended a meeting on 15<sup>th</sup> January to hear Barrowmore's ideas for resubmitting planning proposals for the Brownfield site. Correspondence was received from one of the trustees thanking councillors for attending.

**Correspondence - Unless covered as an agenda item:**

- TW received correspondence from Barrow School enquiring about responsibility for a Scots Pine tree in the school car park whose roots are causing some damage. A response has been sent explaining that this is not the Responsibility of the Parish Council. JT explained that she is Chair of the Governors and was not involved in the decision to send the letter.
- AP received correspondence from a resident expressing concern about the forthcoming closures of the A51 and the impact this may have on traffic through the village, especially HGV lorries. It was noted that there is a 7.5 tonne limit on vehicles passing over the bridge over Meadow Brook on Station Lane, but lorries had limited opportunity to turn around.

Norah Smyth was brought up at Barrowmore. She was an activist for social change and a close friend of the Pankhurst family, using most of her £30,000 inheritance to fund the activities of Sylvia Pankhurst's East London Federation of the Suffragettes, notably the Woman's Dreadnought magazine. She was also a brilliant documentary photographer, artist and carver in stone and wood. If you search Norah Smyth suffragette, you can discover more about Norah and her life.

## The Dreadnought Suffragette

Walk with me to Barrowmore

Where keening buzzards fly

And scan the distant glistening shore

Gold beneath the sky

The shimmering waters' fill and fall

Square church towers west and south

Moss capped, sunlit sandstone walls

The river's mud brown mouth

See the silt slipped river

Kiss the estuary

As fields of barley quiver

And ripple like the sea

And high above the gilded land

The red Victorian keep

Where beech and oak and Scots pines stand

And bluebells stir from sleep

In Spring they push through dew lipped leaves

And will for ever more

Hear softly how the morning breathes

For the flowers of Barrowmore

The flowers of Barrowmore

That hide in winter's chill

And fill the mycorrhizal floor

With bowing purple still

On summer days I feel her here

Her steady gaze, ice blue

Who saw the path away from fear

In the shadow of the yew

She lies beneath the sycamore

Bluebell columns rise each year

And honeysuckle tangles

And buttercups appear

Coils carved below a sandstone cross

So no one may forget

The fierceness, beauty, love and loss

Of the dreadnought suffragette

## BARROW TOGETHER

### Annual Parish Meeting

Monday 8<sup>th</sup> April at 7. pm in the Village Hall

Dear Member of the Barrow Community

As someone who represents one of Barrow's fantastic clubs, societies or committees, we are delighted to invite you to the Barrow Together meeting on Monday 8th April at [7.pm](#) in the Village Hall.

Each group will have around two minutes to say hello and explain what they do and why they and their fellow members are so passionate about it. It's a way we can bring the village together, listen to what people are especially interested in and encourage more people to get involved in activities they can enjoy close to home, amongst their friends and neighbours.

From allotment holders to bowlers, artists to film buffs, Rainbows to Evergreens the village has an amazing range of enthusiastic, talented people. So, join us and tell us about your own organisation, its plans and ambitions - or simply what makes it special to you and its other members. If you are not able to attend but would like to be represented please submit your information for inclusion on the night to [clerk.greatbarrowpc@gmail.com](mailto:clerk.greatbarrowpc@gmail.com)

We look forward to seeing you there.
